

STERLING S800 By Scoozy

The S800 by Scoozy is designed to enhance every ride with comfort, power, and reliability. Whether you're navigating different terrains, embarking on long adventures, or tackling steep climbs, its advanced features keep you moving with ease and confidence.

- **Bike-style Handlebar Controls:** Featuring a thumb throttle, handbrake, full-colour LCD display, and cruise control, users remain in full control of the scooter at all times.
- **Ergonomic Seating:** A premium seating experience with a soft, cushioned seat, and a supportive backrest for comfort during long trips.
- **Long-range Battery:** Explore with confidence with a 70 Ah lithium battery, which provides up to 50 km of range.
- **Smooth Ride:** Advanced suspension absorbs bumps with ease, ensuring a comfortable ride on any terrain.
- **Superior Traction:** Robust 18" wheels offer exceptional grip and stability in a range of driving conditions.
- **Stay Safe:** Integrated LED light and indicators provide reliable illumination day and night.

Warranty Information

- Frame and Components - 2 Years
- Battery - 6 Months
